AccuPOS P.O.S. Package

From the people who know P.O.S.

AccuPOS is an affordable, full-featured Point Of Sale solution that is ideal for your retail business. AccuPOS is easy to use and administrate, with the added benefit of award-winning integration with the accounting program of your choice, such as QuickBooks. AccuPOS offers both retail or restaurant POS software.

AccuPOS is designed for ultimate simplicity. Transactions are always made with minimal keystrokes and maximum speed. Input may be received from touchscreens, scanners, scales, wireless devices... whatever suits your style of business. Powerful customer management tools are available along with real-time web reports and seamless data transfer to offsite computers.

Contact OLSON & IVES at 509-997-1040 to see how an AccuPOS Point Of Sale System can work for you.
